Re: Chevron USA, Inc.; Digital Television Transition Education Report;
Fourth Quarter 2008; Call Signs WQIZ 525, WQIZ 526, WQIZ 527

Dear Ms. Dortch:

Chevron USA, Inc. ("Chevron USA"), by its undersigned attorney, hereby submits its Digital Television ("DTV") Transition Education Report for the fourth quarter of 2008 in accordance with Section 27.20 of the Commission's rules and regulations.¹

Chevron USA is a subsidiary of Chevron Corporation, which is one of the world's largest integrated energy companies with oil and natural gas exploration, production, refining, and marketing activities worldwide. Chevron Corporation has extensive exploration and production activities in the Gulf of Mexico and, in fact, holds more leases in the combined shelf and deepwater Gulf than any other company.

Chevron USA is the licensee of 700 MHz band stations WQIZ 525 (A Block), WQIZ 526 (B Block), WQIZ 527 (E Block) in the Gulf of Mexico Geographic Service Area, which it acquired as the high bidder in Auction No. 73.

In March of 2008, the Commission required "winning bidders in the 700 MHz spectrum auctions (Auctions 73 and 76) to detail what, if any, DTV transition consumer education efforts they are conducting."² At the same time, the Commission declined to adopt a requirement that 700 MHz band auction winners "actually engage in some [...] amount and type of consumer education."³

¹ 47 C.F.R. § 27.20.

² DTV Consumer Education Initiative, *Report and Order*, FCC 08-56, MB Docket No. 07-148 (March 3, 2008).

³ *Id.*

KELLER AND HECKMAN LLP

Page 2

Inasmuch as there are no television broadcast stations located within Chevron USA's authorized Gulf of Mexico Service Area, the company has not conducted any DTV transition consumer education efforts during the relevant period.

Should the Commission have any questions or need any additional information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gregory E. Kunkle', written over a horizontal line.
